Representative William Delahunt
1317 Longworth House Office Building
United States House of Representatives
Washington, D.C. 20515-2110

Dear Representative Delahunt:

Dear sir,

I am a Muslim from Massachusetts. My name is [REDACTED] I am appalled by the violence we have witnessed today in New York and Washington D.C. and God willing the men responsible for this act will be found. Please keep in mind that this is not condoned by Islam or Muslims. If this act was done by Muslims they are fanatics using religion to cover their evil actions. I fear that the public will begin to associate Islam with violence as can happen after a situation like this. I fear that my son will have to face these ignorant assumptions as he grows up and enters the world.

I ask all of you to remember that the Muslims in Massachusetts are not violent people but peace loving people. Please, help us teach the truth about our religion and ourselves.

Thank you and God bless.

Sincerely,

[REDACTED]
